**AERO CHARTER IS NEWLY CERTIFIED DAHER-SOCATA SERVICE
CENTER**

(ST. LOUIS/May xx, 2012) Aero Charter, located at Spirit of St. Louis Airport (KSUS) in Chesterfield, Mo., is proud to officially be certified as a Daher-Socata Authorized Service Center.

Aero Charter was chosen by Cutter Aviation, the South-Central U.S. sales dealer for Daher-Socata and TBM 850, to support TBM owners in the Northern region of their territory. The Daher-Socata service center at Aero Charter joins the two existing service centers at Cutter Aviation in Dallas-McKinney, TX and Cutter Aviation in San Antonio, TX as part of the support network serving Texas, Oklahoma, Kansas, Missouri, Arkansas, and Louisiana.

The authorization allows Aero Charter to service and maintain Daher-Socata planes such as the popular TBM 850. In order to be qualified as an authorized service center, Aero Charter technicians had to go through extensive special training personally led by the manufacturer's mechanics.

This authorization establishes Aero Charter as the only Daher-Socata authorized service center in Missouri, serving TBM owners throughout the Midwest.

"What this certification means to Aero Charter clients is an assurance that they will receive quality support both for their own planes, as well as, for the aircraft in which they are passengers," says John Morgenthaler. "We are proud to be recognized for this standard of excellence. We have been maintaining numerous jets, turbo-props and piston engine aircraft based at our FBO for years and are looking forward to sharing our maintenance department with all TBM owners."

(more)

Locally owned and operated since 1978, Aero Charter provides complete aircraft support services for business and private aircraft. The company offers worldwide flights with the majority of its clients flying throughout the United States, Canada, Mexico, the Caribbean and South America. The fleet includes jet, turbine and piston aircraft.

In addition to charter, Aero Charter provides full aircraft support services including aircraft management, maintenance, avionics, and Fixed Base Operation (FBO) ground support. Aero Charter's avionics department specializes in custom installations and repairs. In 1995, Aero Charter introduced Aero Travel, a full-service travel agency. The recipient of numerous safety awards, Aero Charter recently expanded its facilities to include an additional hangar and expansive ramp area, which more than doubles its existing capacity.
